hereinafter called "the Grantor's property"; and

WHEREAS the Grantor's property is located within the Airport Influence Area for the  
Riverside Municipal Airport operated by the City of Riverside; and

WHEREAS the Grantor has sought approval from the City of Riverside for the development of the Grantor's property by the project above-referenced; and

WHEREAS the City of Riverside has conditioned the approval of such project by requiring the granting of an avigation easement over the Grantor's property;

NOW, THEREFORE FOR VALUABLE CONSIDERATION, receipt of which is hereby acknowledged, GRANTOR does hereby grant to the CITY OF RIVERSIDE, a municipal corporation of the State of California, hereinafter referred to as "Grantee", its successors and assigns, for the use and benefit of the public, a perpetual easement and right of flight appurtenant to the Riverside Municipal Airport for the passage of aircraft by whomsoever owned and operated in the airspace above the surface of the Grantor's property described hereinabove, together with the right to cause in said airspace such noise, sound or shock waves, vibrations, dust, smoke, odors, fumes, fuel particles and other related conditions that may be inherent in the operation of aircraft landing at, taking off from or operating at or on the Riverside Municipal Airport. "Aircraft" is defined for the purposes of this instrument as any contrivance now known or hereinafter invented, used or designed for navigation of or flight in the air.

Grantor hereby acknowledges that the Riverside Municipal Airport is an operating airport subject to increases in the intensity of use and operation, including present and future noise, sound or shock waves, vibrations, dust, smoke, odors, fumes, and fuel particles and related conditions, and Grantor hereby fully waives, remises and releases any right or cause of action which Grantor may now or in the future have against Grantee, its successors and assigns, due to such noise, sound or shock waves, vibrations, dust, smoke, odors, fumes,

fuel particles and other related conditions that may be caused by the operation of aircraft landing at or taking off from, or operating at or on the Riverside Municipal Airport. Said waiver and release shall include, but not be limited to, claims known or unknown for damages for physical or emotional injuries, discomfort, inconvenience, property damage, interference with use and enjoyment of property, diminution of property values, nuisance or inverse condemnation or for injunctive or other extraordinary or equitable relief.

Grantor, on the behalf of Grantor and the successors and assigns of Grantor, agrees not to construct or permit the construction or growth of any structure, tree or other object that obstructs or interferes with the use of the rights herein granted or that creates electrical interference with radio communication between any installation at the Riverside Municipal Airport and aircraft, or to cause difficulty for pilots to distinguish between airport lights and other lights or to impair visibility in the vicinity of the Riverside Municipal Airport, or to otherwise endanger the landing, take-off, or maneuvering of aircraft on or at said Riverside Municipal Airport.

The foregoing grant of easement shall not be considered as otherwise prohibiting the use of the Grantor's property for any lawful purpose below the minimum flight altitudes for aircraft presently authorized or hereafter authorized by the appropriate federal or state authority, provided all applicable federal, state and local regulations pertaining to height restrictions are adhered to.

IT IS UNDERSTOOD AND AGREED that this easement and the rights and restrictions herein created shall run with the land and shall be binding upon the Grantor and the heirs, administrators, executors, successors and assigns of Grantor.
