

**BENCH MARK** Elev. 776.083  
 R.R. 3015, 100' S. 100' W. of the N.E. Corner Jones & Chadbourne

**GENERAL NOTES**

1. Construction shall be in accordance with the standard specifications for Public Works Construction 1993 edition and any City of Riverside Standard Drawings.
2. All proposed elevations shall be stated in the field by the Engineer.
3. It shall be the responsibility of the contractor to clear the right of way in accordance with the provisions of the City of Riverside Ordinance 100-100-010 and Ordinance 100-100-011 and to secure the City of Riverside.
4. Curb and gutter to be stated at 5' offset and at 25' intervals.
5. Top of curb of existing pavement where new pavement runs to a smooth straight line. Contract match-up spacing to shown on plan & utility party as directed in the field to produce a smooth surface.
6. The Subcontractor shall arrange for a soil test to be made by a soil Engineer after the street has been prepared through grade. Depth of base material & C.E. paving shall be determined by the City of Riverside design standards & test procedures.
